

Global Delaware Innovation Program

The state of Delaware offers an unparalleled opportunity for businesses to enter the U.S. market. Delaware is in the center of the largest consumer market in the United States and is the most cost-effective location between Boston and Washington, D.C.

Choosing a Delaware location means access. Delaware has proximity to several major international airports and Wilmington, Delaware's largest city, is a passenger rail hub and is located directly on I-95, which runs up and down the entire East Coast.

The Delaware Prosperity Partnership just made it easier for small to mid-size companies to incorporate and locate in Delaware.

Incorporate with ease and speed:

Register your business quickly and easily with CSC—one of the world's premier providers of business, legal, tax, and digital brand services. Headquartered in Wilmington, Delaware since 1899, CSC is the world's leading provider to companies around the globe. Top global brands and 90% of the Fortune 500® trust CSC for business solutions.

incorporate.com is a division of CSC dedicated to helping entrepreneurs build a vision that lasts. From starting a small firm to growing that business into a global corporation, their support system evolves with you. Working with Global Delaware Innovation Program earns you a discount on their services.

About Delaware Prosperity Partnership & Global Delaware Innovation Program

Created in 2017, Delaware Prosperity Partnership (DPP) is the nonprofit that leads the state of Delaware's economic development efforts to attract, grow and retain businesses. We work with site selectors, commercial developers and business executives focused on where to locate or grow a business. Our team provides and reviews potential sites, cost-of-living analysis, quality-of-life information and funding opportunities, including available tax credits and incentives.

Whether you represent a large or small enterprise, we are ready to assist you. We look forward to hearing from you. Through the Delaware Global Innovation Program, the DPP provides hands-on support to international companies considering Delaware as a place to do business.
