Business & Financial Services

Not just a global hub for leading financial institutions and cutting-edge fintech operations, Delaware is also where much of the world’s commercial legal affairs are conducted.

Business & Corporate Services
Delaware is the undisputed leader in corporate and legal services in the United States, thanks to its unique combination of corporate laws, court system and outstanding professional services coupled with its highly responsive Division of Corporations. Delaware’s internationally renowned business law system — its Court of Chancery — is distinctive for its reliance on appointed, experienced judges, as opposed to uninformed and unpredictable juries. Delaware’s trusted and sophisticated professional and business services firms — legal, accounting, consulting and more — make it an ideal location for corporations.

Financial Services & Fintech
Nearly 40 years ago, the landmark Financial Center Development Act established Delaware, virtually overnight, as a global hub for financial services operations and talent. Preeminent institutions quickly established credit card operations in Delaware, creating thousands of new jobs and sowing the seeds for the financial services industry’s status as Delaware’s largest traded sector. From established corporations like Bank of America, Capital One, Citibank, Citizens, M&T, PNC and WSFS to early-stage firms like Investor Cash Management, Marlette Funding and College Ave Student Loans, financial services and fintech choose Delaware for growth and innovation.
